

Material Guide

Kitchens & More — Abu Dhabi. Design, manufacture and installation under one roof.

Countertop options

Material	Character	Best for	Care
Quartz	Engineered, non-porous, consistent pattern	Daily cooking, families	Avoid direct heat; soap and water
Natural stone	Marble & granite; every slab unique	Statement islands	Seal marble; wipe spills quickly
Quartzite	Marble look, near-granite hardness	High-use worktops	Seal annually; heat resistant

Cabinetry options

Material	Character	Best for	Care
Solid wood	Warm, repairable, long-lived	Classic & royal fronts	Keep humidity stable; oil finish
Moisture-resistant MDF	Stable core for lacquer & handleless	Modern flat fronts	Wipe with damp cloth only
Laminate	Hard-wearing, realistic decors	Budget-conscious projects	Non-abrasive cleaners

Hardware & warranty

European hinges and runners with soft-close as standard. Every installation carries a ten-year structural warranty and a scheduled adjustment visit within the first year. All cutting, edge-banding, veneering, lacquering and assembly is completed in our own Abu Dhabi workshop — no third-party subcontractors.
